BOARD OF ALDERMEN.

Action on the Removal of Commissioners of Accounts-Examining the Esti-mates for 1873-Discussion and Wrang-

A meeting of the Board of Aldermen was held ling. yesterday afternoon for the special purpose of taking into consideration the estimates of the Board of Apportionment in conducting the different city departments for the year 1875. All the stimates have been regularly passed upon by the Board of Apportionment and they are now before the Aldermen for adoption. The latter gentlemen have only power to surgest amendments and cannot effectually after appropriations.

The following members were present yester-day:—Aidermen Vance, Billings, Flanagan, Gilon, Kehr. Koch, Lysaght, McCafferty, Monhelmer, Ottendorfer, Riley, Van Schaick and Cooper.

It was agreed that each appropriation be read ceparately, and the members could then express their concurrence or opposition thereto. THE REMOVAL OF COMMISSIONERS OF ACCOUNTS.

Befere proceeding to the special business of the meeting Aiderman Monnetmer asked permission to introduce the following resolution relative to the removal of the Commissioners of Accounts by Mayor Havemeyer:—

Mayor Havemeyer:—

Whereas Messrs. Howe and Bowland, late Commissioners of Accounts, who have been recently removed from that office by his Honor the Mayor, had, as the Board is advised, shortly prior to their removal, completed an examination of the expenses and affairs of the Fire bepartment, which they made at the request of this Board, but had not yet submitted a report of such examination; and whereas it would serve the public interests that the information which such report would contain should be adforted, notwithstanding the removal of the said Commissioners; be it therefore Resolved, That Messrs. Howe and Bowland be and they are hereby requested to present and submit to this hoard a report of their examination of the affairs of the Fire Department, with such suggestions and recommendations in relation thereto as they would have made in the discharge of their duties as such Commissioners, if they had not been removed from office.

This resolution was nassed by a unanimous vote.

they had not been removed from office.

This resolution was passed by a unanimous vote.

This resolution was passed by a unanimous vote.

A communication was received from Sheriff Conner, asking for an appropriation of \$90,000 to cover Sheriff's fees. The matter was subsequently referred to the Board of Apportionment on mound of Alderman Kehr.

A resolution was adopted directing the following increase in the appropriation for the Police Department:—For patroimen, \$46,800; cierks and deputies, \$10,280; alterations and repairs, \$3,000; supplies, \$1,000; removal of airt and ashes, \$43,000.

The expenditure for cierk hire of Commissioners of Accounts was increased from \$6,000 to \$12,000; also the item for salaries of cierks and assistants in the Corporation Attorney's office from \$6,000 to \$1,000, the members being unanimously in favor of the last mentioned item.

In the Corporation Attorney's office from \$6,000 to \$7,500, the members being unanimously in favor of the last mentioned item.

Alderman Van Schaick offered a resolution that the Compiroller be requested to Turnish a statement of receipts from the Eureau of City Revenue for the years 1859, 1870, 1871 and 1872. On calling lately upon Colonel Dunian, chief of this bureau, the speaker was informed that the receipts last year amounted to \$736,000.

The Board having gone into Committee of the Whole, with Alderman Cooper in the chair, the clerk proceeded to call off the different items as submitted by the Board of Apportionment. These figures have already appeared in the Heralio in detail, and the only interest at present are the alterations suggested at yesterday's meeting. The Mayoratty estimate was increased as follows:—Contingencies, from \$2,500 to \$10,000; salaries, Bureau of Permits, from \$500 to \$2,500.

Considerable talk was occasioned by a proposi-

ries, Bureau of Permits, from \$9,500 to \$15,000; contingencies, Bureau of Permits, from \$500 to \$2,500.

Considerable talk was occasioned by a proposition to appropriate \$250,000 for the payment of rents of armories.

Alderman Van Schaick remarked that no matter what action the Board took, Comptroller Green would do what he pleased. Many grievances existed in this matter of armories. Bad selections had been made of buildings, the notorious Glass Hall being at one time used for this purpose. Referred to the Board of Apportionment.

Alderman Gilon moved to allow \$20,000 for the support of prisoners in the County Jail. This proposition brought out some bitter assertions.

Alderman McCadferty stated that great frauds had been committed in the administration of this institution. The Board had asked for a monthly statement from the sheriff of the number of prisoners who were in the Jail, but the request had not been granted. The bills were sent in as a whole, without detailed statement, and the Board had no means of judging their correctness. The sum of \$5,000 was baally allowed for this item.

A proposal to give \$5,000 to the National Rifle Association was lost.

Alderman Van Schaick called attention to the appropriations of the Finance Department. He was satisfied that the labor could be done at an expense of more than two-thirds of the sum proposed. A reduction of \$80,000 had been made, but this was not at all sufficient.

The teem of contingencies in the Law Department was cut down from \$100,000 to \$50,000. A resolution to reduce the appropriation for salaries of clerks and messengers in same department from \$50,000 to \$25,000 was lost.

The appropriation in the Department of Public Works for salaries was increased from \$14,000 to \$150,000 on motion of Alderman Montelmer.

The Board concluded the day's proceedings with the examination of the estimates.

BOARD OF SUPERVISORS.

An Opinion from the Corporation Counsel-They Have No Power to Audit Claims Against the City and County. The Board of Supervisors met yesterday for a iew minutes. The only business of any interest wnich transpired was the reception of a written opinion from Corporation Counsel Smith relative The gentiernan declues that the Board has no such authority, since the passage of the Consolidation act, either on claims contracted before or after the law went into effect. He also decides that actions can be maintained against the city and county of New York without this audit.

MUNICIPAL NOTES.

Mayor-elect Wickham has been through nearly all the departments in search of information and statistics for his forthcoming message. It is needless to remark that he has been received by all officials with the most obsequious kindness, while the deepest interest was manifested in his movements. While Mr. Havemeyer's name is scarcely ever mentioned, the name of Mr. Wickham strikes

ments. White Mr. Havemeyer's name is scarcely ever mentioned, the name of Mr. Wickham strikes upon the ear in every nook and corner of the City Hail. "The King is dead: long live the King."

The Department of Buildings is in trouble—at least the officials of this branch of our city government. Heads of republicans are failing to make way for the new dispensation.

Mr. John Maguire, member of Assembly from Chemung, and formerly of Schuyler, visited the various departments at the City Hall yesterday, This gentleman is said to be slated for the speakership of the next Legislature. He was shown around by Colonel "form" unilap, the Collector of City Revenue. By the way, "Tom" is one of the best informed and shrewdest of our City Hall magnates. He has managed to engineer his way through all city administrations for the past twenty years, and always turns up on the right side.

One of the humors of the county canvass is the casting of the enormous figure of two votes for Nelson W. Young for Alderman-at-Large. It is presumed the gentleman did not know he was a candidate until the fact was announced in the papers.

THE WASHINGTON BURGLARY.

The Arrest of Hayes for Perjury-Investigation of Alleged Contempt of Court—Judge Humphreys in Severe Earnest—Whitley's Defence.

WASHINGTON, Nov. 18, 1874. After the opening of the Court the Judge gave one of the defendants, Harrington, permission to absent nimself from the court room in an adjoining room during the course of the arguments. General Henkle resumed his argument, and

concluded it at one o'clock. He forcibly argued that Colonel Whitley was innocent of any connection with the conspiracy. He closed by urging the jury to bring in a verdict of acquittal "if they lound a possibility of a doubt about guit."

A recess was taken until two o'clock.

After the recess the Judge directed the jury to retire for the present, and asked if a return had been made to the notice in the Whitley and Dawson cases.

been made to the notice in the Whitley and Dawson cases.

Mr. Henkle came in after a little delay, and said
District Attorney Fisher had kindly consented to
prepare the return to this notice, so that it might
be heard at this sixting of the Court.

Colonel Whitley was sworn.

Mr. Fisher read the return to the notice on
behalf of Dawson, Clerk of the Police Court, setting forth that he (Dawson) could not produce the
books of the Police Court because they were in
daily use, and that in signing the warrant of arrest and the commitment papers he supposed he
was doing his duty.

ting forth that he Dawson) could not produce the books of the Police Gourt because they were in daily use, and that in signing the warrant of arrest and the committeent papers he supposed he was doing his duty.

Mr. Fisher then read the answer of Whitley, setting forth that he swore out the warrant against Hayes because the matter alleged as perjury, viz:—That Whitley was in New York on April o, was material to the case at issue, and because several witnesses had testified to the fact that Whitley was in Boston and not in New York on that day. The warrant was sworn out early in the month, and it was undershood the officers served it because they believe Hayes was about to leave the city, and further, that the assertion of Hayes in regard to the whereabouts of Whitley was untrue. The case was postponed until to-morrow.

Purther argument in the trial was deferred and the Court than adjourned.

POLICE TRIALS.

Charges of Perjury and Drunkenness

Against Officers.
Commissioner Voorbis sat yesterday to inquire into charges against patrolmen by their superior officers. The most important cases heard were those of Officers William Reilly, of the Twenty-ninth those of Officers William Beilly, of the Twenty-ninth precinct, and Isaac Henderson, of the Eighth precinct. The charge against Officer Reilly was of perjury; that in January last be represented himself as only thirty years old for the purpose of procuring an appointment as patrolman, while recently, during a trial, he swore that he was thirty-two years old. Reilly said he was confused when he made the second statement of his age, and that he had written for papers to prove the time of his birth. The case was adjourned.

Officer Isaac Henderson was charged by Roundsman Michael Foley with having been drunk on the morning of the 1st of November while on duty. Several citizens supported the roundsman's story, testliying that Henderson appeared to be drunk

several citizens supported the roundsman's story, testifying that Henderson appeared to be drunk on that day. Then came on the stand the policeman, supported by other citizens, to disprove the charge. Case referred to the full Board.

WORK OF THE CORONERS.

The body of a female child of recent birth was found lying in a pail on the stoop of premises No. 10 West Washington place at a late hour on Mon-day night by Officer Johnson, of the Pifteenth precinct, whose attention was called to the matter by Mrs. Coleman, occupant of the house. The body was sent to the Morgue and Coroner Woltman notified.

About eight o'clock yesterday morning the remains of an unknown man were found floating in the dock foot of pier 28 East River. Deceased wore a wine-colored coat, blue vest, dark mixed pants and white muslin shirt. Deceased, who was baid, had but one arm (the left) and had not been long in the water. The body was sent to the Morgue and Coroner Woltman notified.

Moses O. Baker, a locksmith, fity-one years of age, recently living at No. 134 Eighth street, died recently from the effects of a pistol shot wound of the hand received over a month ago. Mr. Baker was repairing a revolver, and in withdrawing the charges an explosion occurred with the result above stated. Coroner Kessler yesterday caused the arrest, by Detective Bennett, of the Central Office, of Mr. William Duryes, one of the members of the Glen Cove Starch Manufacturing Company, in Park place, where James Quinn was killed by the falling upon him of a grating, as heretofore published in the Herald. The company having been censured by the jury for negligence in not repairing the grating after being duly notified. Mr. Duryes was required to give \$2,000 bail to answer any compiant that may be brought against him. Police Commissioner Duryea became his bondsman.

YOUNG MEN'S WOMAN SUFFRAGE LEAGUE

The nineteenth regular public meeting of the Young Men's Woman Suffrage League was held last evening at Plimpton Hall, Stuyvesant street, The audience, which numbered about 150, was a curious combination of strong-minded women and weak-minded men. The subject of the debate was "Woman Suffrage," and was taken part in by Messrs, Philip Hecht and Charles V. Slocum, affirmative, and Messrs, Gustar and Waldorf H. Philips, negative. The young gentlemen talked very loud and very long without saying very much. The sentiment expressed by Mr. Gustar, that "if women were allowed to choose their husbands as men choose their wives, things would be very different," however, meeting with vociferous applause, which was joined in by all present, with the exception of the President, Mr. J. K. H. Wilcox, the expression of whose face told too plainly the horror with which he contemplated such an incendiary proposition. The addresses were followed by a discussion with a free platform under the five minutes' rule. During the intermission the President announced that although admission was free the Treasurer was at the door and would receive any contributions which those present might feel inclined to donate, at which one sarcastic individual remarked that the intimation reminded him very much of the hall boys in the hotels at Saratoga, who, while dusting up the guest, invariably volunteered the information that "wes ainly allowed to take nuffin, but gentiemen always gives us sumfin." Mr. John E. Maioney, who was advertised to address the meeting, was unavoidably absent. curious combination of strong-minded women and

They did so, and when the train passed the flag rell and they drove forward. Another train dashed up from the opposite direction and hurled the men, horse and wagon against the flag house. The horse was killed, the wagon smashed to spinters and the men escaped with signt injuries. The train was rushing at an innexes rate of speed to make up for lost time.

THE MORMON MURDERS.

John D. Lee, the Chief Assassin in the Mountain Meadow Massacre, Captured in a Hen Coop. Special despatch to the Salt Lake Tribune from

Beaver, Utah, Nov. 12.] Your readers will probably be interested in learning fuller details of the arrest of the Mountain Meadows chieftain. The United States Marshal has been trying to catch the assassin. John D. Lee, for some time, and his arrest was effected earlier than had been expected. The re-

John D. Lee, for some time, and his arrest was effected earlier than had been expected. The result shows that Marshal Stokes had laid his plans well. It was reported that the fugitive had eight armed men with him. Having business at Pangwitch, Mr. Stokes proceeded thither, and just as he was closing it up he received a message informing him that his man was near at hand. The deputy selected five good and trosty men and entered Pangwitch snortly after daybreak. Most of the people of that town are Lee's votaries, but this early raid took them unawares. When the officer and his posse appeared Lee setzed a revolver and hastily took up his position in a hen coop, which was then covered over with straw.

The Marshal went for the straw with the true instinct of a thief taker, and peering into the coop he perceived Lee, the face of the hidden man being only a loot or two from the opening. Stokes ordered him out. Lee showed no disposition to comply. One of the posse was then sent in to disarm him. Stokes covering his man with his revolver the meanwhile, and informing his aid (one winn) that if Lee moved he would shoot his head off. Lee said. "Don't shoot, I will come out." He betrayed great trepidation as he came out. During al this time the numerons women in the house on the premises where the arrest was made had bestirred themselves, and several had their guus levelled upon Stokes and his small party. Had a gun been fired a massacre would have ensued. Stokes' men were all ready and Lee's friends understood that they meant business and would stand no trifling. The news spread through the village and the excitement became intense. Considerable loud taiking was indulged in, but no attempt at rescue was made. At the prisoner's request his captors stayed while a meal was cooked and showed no hurry to get away. Their coolness was provoking to the villagers. The women in the house occame furious, and indignation rose so high among the villagers that at one time an attempt at rescue was apprehended.

On departing Lee was plac

whilagers that at one time an attempt at rescue was apprehended.

On departing Lee was placed in a right covered wagon, with four good horses nitched on. Two of the escort were placed inside with the prisoner, the rest mounted their horses and the party started for Beaver. They arrived safely in Beaver the next day. Lee is now under a strong guard in jail. He is quite communicative, but no one is allowed to question him on the Mountain Meado w massacre.

ARRIVAL OF BANISHED PRIESTS.

The French steamer France, which arrived at this port yesterday afternoon, brought to our shores six priests of the Redemptorist order, who have been banished from Germany, under recently enacted laws, and who proceeded to the residence of the Redemptorist priests in Third street, in this city, where they will stay till arrangements have been made as to where they shall locate themselves. The same vesser also brought Father Monition, of the Order of the Sacred Heart, of Paris, who has been for twenty-five years a missionary at Tahit, and is now returning in a similar capacity to the Sandwich Islands. By the same vessel also arrived Father Monin, of Texas, and two other priests of that diocese, who have been engaged in the recent American pligrimage to Rome. shores six priests of the Redemptorist order, who

A fire broke out at hall-past six o'clock yesterday morning on the fourth floor of the building No. 169 South street. The firemen had a great No. 169 South street. The firemen had a great deal of difficulty to reach the flames, and were therefore forced to use water very lavishly. The fire taself did less damage than the other element. The floor on which the flames originated was occupied by George Baker, satimaker. His loss is \$500. The rest of the building was occupied by W. K. Herman, ship chandler. His loss is \$2,000. The building, which is owned by S. S. Minton, was damaged to the extent of \$3,000. In the adjoining building, No. 168 South street, S. S. Dale kept a gentlemen's furnishing goods and dry good store.
